# **Material Safety Data Sheet**

FIRST MARK ALL TEMP DISH MACHINE DETERGENT

#### Section 1. Chemical product and company identification

Trade name	: FIRST MARK ALL TEMP DISH MACHINE DETERGENT
Product use	: Machine Warewashing Detergent
Supplier	: Performance Food Group
	12500 Westcreek Pkwy
	Richmond, VA 23238
	(888) 311-7372 ~ Fax (804) 784-0576
Code	: 912282-01
Date of issue	22-September-2009
	EMERGENCY HEALTH INFORMATION: 1-800-391-1504

#### Section 2. Hazards identification

Physical state	: Liquid. [Liquid.]
Emergency overview	: DANGER !
	CAUSES RESPIRATORY TRACT, DIGESTIVE TRACT, EYE AND SKIN BURNS.
	Do not ingest. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray. Keep container closed. Use only with adequate ventilation. Wash thoroughly after handling.
Potential acute healt	h effects
Eyes	: Corrosive to eyes.
Skin	: Corrosive to the skin.
Inhalation	: Corrosive to the respiratory system.
Ingestion	: Causes burns to mouth, throat and stomach.
See toxicological inf	ormation (postion 11)

See toxicological information (section 11)

# Section 3. Composition/information on ingredients

Name	CAS number	<u>% by weight</u>
SODIUM HYDROXIDE	1310-73-2	17

# Section 4. First aid measures

Eye contact	: In case of contact, immediately flush eyes with cool running water. Remove contact lenses and continue flushing with plenty of water for at least 15 minutes. Get medical attention immediately.
Skin contact	: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention immediately. Wash clothing before reuse. Clean shoes thoroughly before reuse.
Inhalation	<ul> <li>If inhaled, remove to fresh air. If exposed person is not breathing, give artificial respiration or oxygen applied by trained personnel. Get medical attention immediately.</li> </ul>
Ingestion	: If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention immediately.

#### Section 5. Fire-fighting measures

Flash point	: >100°C	
Hazardous thermal decomposition products	: Decomposition products may include the following materials: carbon dioxide carbon monoxide nitrogen oxides metal oxide/oxides	
Fire-fighting media and instructions	: Use an extinguishing agent suitable for the surrounding fire.	
	Dike area of fire to prevent runoff.	
Special protective equipment for fire-fighters	<ul> <li>In a fire or if heated, a pressure increase will occur and the container may burst</li> <li>Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.</li> </ul>	

#### Section 6. Accidental release measures

Personal precautions	: Immediately contact emergency personnel. Stop leak if without risk. Use suitable protective equipment. Keep unnecessary personnel away. Do not touch or walk through spilled material.	
Environmental precautions	<ul> <li>Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.</li> </ul>	
Methods for cleaning up	: If emergency personnel are unavailable, contain spilled material. For small spills, add absorbent (soil may be used in the absence of other suitable materials), scoop up material a place in a sealable, liquid-proof container for disposal. For large spills, dike spilled material otherwise contain it to ensure runoff does not reach a waterway. Place spilled material in ar appropriate container for disposal.	

#### Section 7. Handling and storage

#### Handling : Do not ingest. Do not get in eyes, on skin, or on clothing. Do not breathe vapor or spray. Keep container closed. Use only with adequate ventilation. Wash thoroughly after handling. : Keep out of reach of children. Keep container in a cool, well-ventilated area. Keep container Storage tightly closed.

Store between the following temperatures: 0 and 50°C

### Section 8. Exposure controls/personal protection

Engineering mea	<b>:</b> Use only with adequate ventilation. If user operations generate dust, fumes, gas, vapor or mist, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits. Provide suitable facilities for quick drenching or flushing of the eyes and body in case of contact or splash hazard.	
Personal protecti	ion :	
Eyes	<ul> <li>Use chemical splash goggles. For continued or severe exposure wear a face shield over the goggles.</li> </ul>	
Hands	Use chemical-resistant, impervious gloves.	
Skin	: Use synthetic apron, other protective equipment as necessary to prevent skin contact.	
Respiratory	Wear appropriate respirator when ventilation is inadequate and occupational exposure limits are exceeded.	
<u>Name</u>	Exposure limits	
SODIUM HYDRO	NIOSH REL (United States, 6/2008).         CEIL: 2 mg/m³         ACGIH TLV (United States, 1/2009).         C: 2 mg/m³         OSHA PEL (United States, 11/2006).         TWA: 2 mg/m³ 8 hour(s).	

#### Section 9. Physical and chemical properties

Physical state	: Liquid. [Liquid.]
Color	: Red.
Odor	: Faint odor.
рН	: 12 to 14 [Conc. (% w/w): 100%]
Boiling/condensation point	: >100°C (>212°F)
Relative density	: 1.2 to 1.3
Viscosity	: Dynamic: 20 cP
Solubility	: Easily soluble in the following materials: cold water and hot water.

#### Section 10. Stability and reactivity

Stability	<ul> <li>The product is stable. Under normal conditions of storage and use, hazardous polymerization will not occur.</li> </ul>
Reactivity	: Extremely reactive or incompatible with the following materials: metals and acids.
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.
Hazardous polymerization	: Under normal conditions of storage and use, hazardous polymerization will not occur.

### Section 11. Toxicological information

#### Potential acute health effects

Eyes	: Corrosive to eyes.	
Skin	: Corrosive to the skin.	
Inhalation	: Corrosive to the respiratory system.	
Ingestion	: Causes burns to mouth, throat and stomach.	
Potential chronic health effects		
Target organs	: Contains material which may cause damage to the following organs: lungs, upper	

#### respiratory tract.

#### Section 12. Ecological information

**Ecotoxicity data** 

: Not reported

#### Section 13. Disposal considerations

**Waste disposal** : The generation of waste should be avoided or minimized wherever possible. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

Consult your local or regional authorities.

#### Section 14. Transport information

Certain shipping modes or package sizes may have exceptions from the transport regulations. The classification provided may not reflect those exceptions and may not apply to all shipping modes or package sizes.

**UN Classification** 

UN number	UN1824
Proper shipping name	SODIUM HYDROXIDE SOLUTION
Class	8
Packing group	II

See shipping documents for specific transportation information.

# Section 15. Regulatory information

**HCS Classification** 

: Corrosive material Target organ effects

#### U.S. Federal regulations

**TSCA 8(b) inventory** : All components are listed or exempted.

SARA 302/304/311/312 extremely hazardous substances: No products were found.

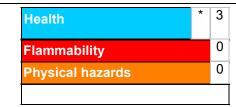

SARA 302/304 emergency planning and notification: No products were found.

<u>California Prop. 65</u> : No products were found.

5

#### Section 16. Other information

Hazardous Material Information System (U.S.A.)

Date of issue Responsible name Date of previous issue <u>Notice to reader</u> : 22-September-2009.: Regulatory Affairs

: 19-June-2009.

The above information is believed to be correct with respect to the formula used to manufacture the product in the country of origin. As data, standards, and regulations change, and conditions of use and handling are beyond our control, NO WARRANTY, EXPRESS OR IMPLIED, IS MADE AS TO THE COMPLETENESS OR CONTINUING ACCURACY OF THIS INFORMATION.
